**AD 1 AERODROMES - INTRODUCTION****AD 1.1 AERODROME / HELIPORTS AVAILABILITY****1. INTRODUCTION**

- 1.1 This section contains information on all aerodromes which are available for use in international and domestic aircraft operations. Section AD 1 gives a description relating to the use of aerodromes and the clearance formalities involved. Section AD 2 contains information on the physical characteristics of aerodromes available for international and domestic operations.
- 1.2 The administration of most aerodromes is the responsibility of the Malaysia Airports Berhad (MAB) in the States concerned.
- 1.3 Aerodromes marked as private or military are not available for public use, unless prior permission has been obtained from the owner or operator thereof.
- 1.4 As there is no heliports section AD 3 has been omitted.
